Overview of Test Report Document

The test report contains two core sections. The first section is the test result details on the first page of this report. This identifies the product under test, the modules successfully tested along, other test event details and the NVLAP approved signatory signature. The “Certification Status” section of that page is a non-normative section of the test report to provide some background on modules reported by the participating organization to inherit certification or qualify for gap certification pending approval from an ONC-ACB. This section does not imply certification, but it is a reference to note certified modules explicitly not tested.

The second section is a reference to the NVLAP accreditation of the Drummond EHR Testing Lab, a DGI disclaimer of testing services and a reference to the testing process described in the Drummond Group EHR Testing Guide on the www.drummondgroup.com website.

Accreditation and Disclaimers

NVLAP Statement of Accreditation

For the scope of accreditation under [NVLAP Lab Code 200979-0](#), the Drummond Group EHR Test Lab fully conducted this test event in accordance to the approved quality procedures and within the scope of its accreditation.

This report must not be used by the customer to claim product certification, approval, or endorsement by ONC, NVLAP, NIST, or any agency of the Federal Government.

Drummond Group Disclaimer

Drummond Group Inc. (DGI) conducts interoperability and conformance testing in a neutral test environment for various companies and organizations ("Customer"). The fact that the name of the Customer appears in the final report is not an endorsement of the Customer or its products or services, and DGI therefore makes no warranties, either express or implied, regarding any facet of the business conducted by the Customer.

No warranty of the test product is implied over and above the publishing of the results of the as completed by the Customer during the specified time period of testing as described in this test report.

Testing Process

For details on the test process, please refer to the Testing Guide on the Drummond Group website, or for further questions, please email EHR@drummondgroup.com.

About Drummond Group Inc.

Drummond Group Inc. is a global software test and certification lab that serves a wide range of vertical industries. In healthcare, Drummond Group tests and certifies Controlled Substance Ordering Systems (CSOS), Electronic Prescription of Controlled Substances (EPCS) software and processes, and Electronic Health Records (EHRs) – designating the trusted test lab as the only third-party certifier of all three initiatives designed to move the industry toward a digital future. Founded in 1999, and accredited for the Office of the National Coordinator HIT Certification Program as an Authorized Certification Body (ACB) and an Authorized Test Lab (ATL), Drummond Group continues to build upon its deep experience and expertise necessary to deliver reliable and cost-effective services. For more information, please visit <http://www.drummondgroup.com> or email DGI@drummondgroup.com.
