

# 2015 EDITION CURES TESTING JOURNEY

## REGISTER FOR TESTING

### SELECT CRITERIA

Prior to testing, our team will review your registration form to understand your testing needs. Select the criteria you wish to test and our team of experts will provide guidance related to any additional criteria requirements.

## COMPLETE ENROLLMENT

### FINALIZE CONTRACTS

Complete enrollment by finalizing contracts and making any applicable required payments (i.e., initial deposits, etc.). These initial business steps place your organization on the test journey toward achieving your health IT software certification goals.

## PARTNERSHIP WITH A TEST PROCTOR

### 2015 EDITION & CURES SUPPORT

A Drummond test proctor will be introduced to you once enrollment is finalized. Your team will be granted full technical support and test script access. Drummond's highly trained test proctors are prepared to answer all technical questions about 2015 Edition and Cures Update test criteria.

## TESTING AND CERTIFICATION

### DRUMMOND CAN GET YOU THERE

Drummond also serves as an ONC Authorized Certification Body (ACB) and will issue your product(s) certification. A certification is issued soon after testing is completed once required documents and final payments have been submitted. Your journey to certification awaits – get started today!
